

TRAINING SCHOOL TO CLOSE IN JUNE

The Second Year of This Institution a Most Prosperous One

The Training School will close its second year's work on June 28th. On Monday May 4th there will be organized classes in physical geography, English Composition and Observation. To these classes only such students will be admitted as are now teaching in the schools of this county. This school believes that it cannot do justice to the schools of Oneida county by holding a summer session for six weeks for the benefit of any who, never having taught, are seeking a short cut to a teacher's certificate.

The school is organized for the simple purpose of preparing students to become teachers of the rural schools. The course required and approved by the State Superintendent is all too short to do full justice to these requirements.

This school, however, is anxious to help not only its students who are future teachers, but also those who are teaching now and it is for their special benefit that the above named branches required for a second grade certificate are to be taught between May 14th and June 28th. Credit can be given only for FULL TIME attendance on these classes. The County Superintendent will accept standings in these subjects in lieu of examination. If the teacher holds a third grade certificate and has no second grade credits, these two subjects will fulfill all requirements for a new third grade certificate. If the teacher holds a third grade certificate and obtained last summer credits in Library Cataloging and American Literature, the two subjects taken this summer will fulfill the requirements for a second grade certificate and the superintendent will grant such second grade certificate. But remember—in either case, you must have taught successfully at least eight months. Do not try to register May 14th in the classes in physical geography and English composition, unless you are NOW teaching a successful school. If you are, these classes are to help you to get a better certificate. If you have never taught, you cannot enter these classes; you must get your required six weeks training in some State Normal school this summer.

BOXING CARNIVAL

Interesting Events Scheduled For Friday Night at Opera House

Patrons of the boxing carnivals held here in the past will have another opportunity of witnessing a ten round match Friday night between "Fighting Dick Kramer" of this city, and Burrell Smith, colored, of Duluth. These boys will meet at 152 pounds ringside and box clean breaks.

There will also be two fast preliminaries, between Young King and Paddy Fitzgibbons, lightweights, who will box six rounds, and the other between Nap Bruly and "Kid" McGuire, bantam weights, who will box four rounds. The Entertainment will start at 8:30.

Mrs. Jea. Trumbull and twin daughters, Ella and Emily, went to Tomahawk Lake yesterday for a few days visit.

FARMERS' COURSE GREAT SUCCESS

The Attendance Was Large and Much Interest Shown By All Present

The farmers' course was a great success. Those who were most interested say so and those who were pessimistic about it before hand now confess that it was a very successful affair. As results of it the dairy business will grow. A large number of farmers will put in small pieces of alfalfa. All the No. 3 corn that can be secured will be put in. An endeavor will be made to get five or more cement silos put up during the summer. Soil will be limed. More land will be cleared and stumped. There will be a general forward movement in agriculture in Oneida county.

The meetings were splendidly attended. At a similar farmers' school in the southern part of the state in a populous county only twenty-eight attended. The very first forenoon of this course fifty-eight were present. The second day one hundred and twenty were present and the last day one hundred and three. Two young men came from Tomahawk Lake and remained the three days. A lawyer from Prentice was present two days, a leading farmer with his sons came over from Forest county, two women were present every minute of the whole course. Some farmers were present nearly all of the course. The short course boys managed their part of the course very satisfactorily. The lectures were good. The lantern worked all right; the city hall was the place.

At least one of the short course boys has received such an uplift from the short course and the farmers' course that he will put in potatoes on the home farm in every available place to make money to attend the short course at the College of Agriculture next winter. Possibly one or other will do the same. The real success of this movement in agriculture in Oneida county does not depend entirely upon what little may be learned during the short time the courses run but most of all upon the interest aroused, the adjustment to a new order of life, and a clearer view of what is right in agriculture. This much has surely been accomplished during the last seven weeks.

A great impulse to saving and thrift has been given by these courses. When men and boys commence to get good cattle about them, they take more pride in their work. A better feeding system is followed. Things are done more exactly. Buildings are improved and silos are built. Things are not done any old way but some experimenting is done to find out better ways.

Two farmers favored the farmers' course with cattle for judging purposes. This was a great help. John Hoss brought in his full-blood Guernsey bull and one grade cow and Frank McLaughlin brought in one of his grade Holsteins. There is no question but that at future courses there will be a larger show of cattle and soon the friendly spirit of emulation will bring out some cattle as good as the world affords.

Without much question the soil of this county can be improved by liming it. To experiment upon this County Representative E. L. Luther will bring in a car load of lime which is to be given to farmers who will use it according to directions. Some farmers at the farmers' course have already made arrangements to help in this experiment. If there are any farmers in the county who were not

Victor Hugo's Easter Hope

I feel in myself the future life. I am like a forest once cut down; the new shoots are stronger and healthier than ever. I am rising, I know, toward the sky. The sunlight is on my hand. The earth gives me its generous sap, but heaven lights me with reflection of unknown worlds. You say the soul is nothing but the resultant of the bodily powers. Why, then, is my soul more luminous when my bodily powers begin to fail? Winter is on my head, but eternal spring is in my heart. There I breathe at this hour the fragrance of the lilacs, the violets and the roses as at twenty years. The nearer I approach the end, the plainer I hear around me the immortal symphonies of the worlds which invite me. It is marvelous, yet simple. It is a fairy tale, and it is history.

For half a century I have been writing my thoughts in prose and verse, history, philosophy, drama, romance, tradition, satire, ode and song—I have tried all. But I feel I have not said the thousandth part of what is in me. When I go down to the grave I can say, like so many others, "I have finished my day's work." But I cannot say, "I have finished my life." My day's work will begin the next morning. The tomb is not a blind alley; it is a thoroughfare. It closes on the twilight; it opens with the dawn.

HAS HIS TEAM KILLED

Elcho Farmer, Before He Dies, Orders His Horses Shot

Hans Anderson and wife and Rev. Snartemo were at Elcho Sunday where they attended the funeral of Sigvard Solberg who died on a farm near there on Friday. The funeral services were conducted by Rev. Snartemo. Deceased was fifty years of age, unmarried, and was a brother of T. Solberg who formerly was engaged in business here, and had quite an acquaintance in Rhinelander. He lived alone on the farm, where he died, for the past twenty four years, and when he realized that death was near he gave orders that his team of horses be killed in the most humane manner possible after he was gone, preferring this to having the faithful old animals pass into other hands. He had owned the team for about ten years and was very much attached to them. Following out the wishes of Mr. Solberg the horses were taken out and shot on Monday of this week.

Mrs. Dean left this morning for a visit in Antigo.

H. C. BRAEGER ELECTED MAYOR

Leads By Fifteen In Close Three Cornered Fight—Close Contests For Aldermen

One of the most spirited political contests ever held for the office of mayor in this city closed Tuesday with the election of H. C. Braeger over Fred Anderle by a majority of 15 and over Sam Perinler the socialist candidate, by 62.

In several wards the candidates for aldermen were close. In the fourth ward L. A. Leadbetter defeated Chas. H. Ball by a majority of 6 and in the third ward, John Swedberg won out by only nine over the socialist candidate. The following is the full vote on city officers by wards:

DRILL WORK FOR CO. 1

A Regular Army Officer Here to Post the Boys on Work Required

Sergeant Albert Tague of the 5th Inf. regular army, arrived in this city, April first from Fond du Lac, where he had been coaching Co. E. Sergeant Tague will spend a month with company L to drill and instruct them in field work and other matter which is taken up extensively by the regulars and which cannot be taken in the militia because of lack of time. During the regular officer's stay, the company will have extra drills. Everything possible is being done this spring to prepare the boys for their encampments at Camp Douglas and Camp Sparta this summer.

The recent Mexico war scare has caused the government to send out men like Sergeant Tague to fit the boys for regular service.

SCHOOL CHILDREN GIVE PROGRAM

Opera House is Filled With the Parents of the Pupils of the Lower Grades

The school entertainment given at the Opera House Thursday evening March 28, under the direction of Miss Alban and assisted by grade teachers was greeted by a large and enthusiastic audience. The special numbers of the first part of the entertainment were well rendered and the costuming was effective. They were presented as follows: The King of France and 40,000 men by the first and second grades, Curran school; The Daisies and the South Wind by first and second grades, South Park school; Sun Bonnet Babies by the first and second grades, High school; The Scare Crow by Douglas Remo; The Parasol Song and Drill by the first and second grades, First Ward school; The Brownies, by the first and second grades, High school.

The second part of the program was more elaborate and presented by intermediate and upper grade pupils. The cantata "The Carnival of Flowers" was the theme. In this groups of wild flowers gather together to pay homage to their queen and to indulge in revel and song. Flowers were everywhere, and the theme was well worked out in the various choruses. In the solo parts, Grace Swartz as Queen of the Flowers, Elizabeth Moore as the Yellow Jasmine, and Rosella Wixson as strawberry blossom did very well.

The entertainment certainly gave the young people a chance to show what they could do. Miss Alban is to be congratulated upon the entire success of the program.

STUMP LANDS CLEARED

Underwood Stump Machine Soon In Operation in Oneida County

John Underwood of Wausaukee, Wis., inventor and manufacturer of the Underwood Stump Machine, was in the city Tuesday of this week on business connected with the stump pulling enterprises in which he is actively engaged. He states he is securing a patent on his invention and expects to begin at an early day the manufacture of the stump pullers for the market and may locate in this city although he has offers of other locations which he is considering. According to accounts of the work it has done and can do, the Underwood Stump Machine is a revelation and a wonder in its special line of stump pulling — pulls them all, big and small and also clears up and levels the ground ready for the plan, one machine being able to do three to five acres per day. Mr. Underwood says he is going to personally superintend the work of stumping with one of the machines this season, a five hundred acre tract for the Oneida Farm Land Co., about fifteen miles from this city in the Harshaw district, operations to begin about April fifteenth and he extends through the New North cordial invitations to all who are interested in the scientific and rapid clearing up of stump lands to come out and see the Underwood Stump Machine in action.

John Clorn left today on a cruising trip in the southern part of the county.

Date Muffins

A New Way of Using Dates
By Mrs. Janet McKenzie Hill, Editor of
the Boston Cooking School Magazine
The value of dates as a food is hardly
appreciated. They are wholesome,
nutritious, and when used in K C Date
Muffins, make a recipe that is ap-
preciated by the entire family.

K C Date Muffins

One-third cup butter; 1/2 cup sugar;
1 egg; 1/2 cup milk; 2 cups flour; 3 level
teaspoons K C Baking Powder; 1/2
teaspoon salt; 1/2 pound dates.

Cream the butter, add the sugar and
the egg, beaten light. Sift together
three times, the flour, baking powder
and salt; add these to the first mixture,
alternately with the milk; beat
thoroughly and add the dates, stoned
and cut in pieces. To bake, have a
slow oven until the muffins double in
bulk, then increase heat to bake and
brown quickly. Muffins baked this way
will be light, appetizing and more
easily digested.

This is only one of the many appetizing
recipes found in the K C Cook's
Book.
The wonderful K C Cook's Book is
substantially bound and printed in nine
colors, contains ninety tested and easily-
made recipes by Mrs. Janet McKenzie
Hill, of the world famous Boston Cook-
ing School Magazine.
You can secure a copy FREE by send-
ing the colored certificate packed in 25-
cent cans of K C Baking Powder to the
Joyce & Noy Co., Chicago.

Grand Rapids—
Andrew Hansen, a farmer re-
cently received a telegram purport-
ing to have come from his son, a
member of the regular army in Sac-
ramento, Cal., requesting that the
amount of \$70 be sent him, the mes-
sage being signed Dan Hansen. Mr.
Hansen sent the amount as request
ed. The next day another message
came, signed by the same name and
asking for \$60 more. Mr. Hansen be-
came suspicious and stopped the
payment of the first amount sent.
He also notified the Sacramento po-
lice. Word has been received of the
arrest of a man who signed the name
Dan Hansen to the telegrams, and
who it is alleged has received big
returns from his new scheme of
swindling.

the building modern in every respect.
The plans have been drawn and are
now on their way to Rome for ap-
proval.

Eagle River—
Alex Higgins was at Madison re-
cently and met the state tax com-
mission in regard to the assessment

of Vilas county. The proportion of
the state tax paid by the county has
been how the myriads of inhabitants
of that region were able after forty
centuries, still to extract sustenance
from the soil. He found out, and
this book tells the instructive story.
The conservation is the explanation.

Professor King presents many a-
mazing statistics to show the den-
sity of population in the orient,
and how the people all live off the
soil. He thinks that it could not
be other than a matter of the high-
est industrial, educational and social
importance to all nations if there
might be brought to them a full
and accurate account of all those
conditions which have made it pos-
sible for such dense populations to
be maintained so largely upon the
products of Chinese, Korean, and
Japanese lands. The author not
only dwells mainly and extensively on
agricultural affairs, but presents a
wonderfully intimate word picture
of the people of the orient, their ap-
pearance, dress, customs, habits and
domestic relations. But always and
ever the author 'goes afield' liter-
ally—gets back to the soil with il-
luminating information respecting some
particular crop or practice. Prices
of about everything pertaining to the
farm are given as the narrative runs
along, and seemingly no information
of a practical nature is lacking.

Professor King tells the reader
of the thousand and one smaller
things which most travelers entire-
ly fail to see. The book is abundantly
illustrated, there being 248 photo-
graphs—vivid portrayals which tend
to strongly emphasize the text.

Of this book another critic says, "A
more wholesome work at the present
stage of agricultural agitation in
this country could scarcely be
written; nor could it well come from
one better fitted to write it, for
the tenor of the story falls closely
into line with Professor King's in-
tensive studies on soil management.
In a very peculiar sense the art of
soil management constitutes the theme
of this work. That this should be
the last contribution of one who
has written so much and so well is
a source of inexpressible regret."

Merrill—

The new knitting mill for Merrill
is a practical surety. At a meeting
Wednesday evening, of the local men
who signed for stock at the mass
meeting held a few weeks ago, over
half of the stock was disposed of
with only about half of the signers
present. The report of the commit-
tee that went to Cleveland to inves-
tigate the proposition as stated by
Mr. Heinrichs, composed of John
O'Day and Wm. Peterman, was pre-
sented to the body, and favorable ac-
tion was taken, as the committee
suggested that they found conditions
exactly as stated by Mr. Heinrichs, and
were of the opinion that he would be
a desirable superintendent.

At a public meeting held Tuesday
evening at the city hall and attend-
ed by twenty-five men and women,
arrangements for the 1912 Pomahawk
Chautauqua were gotten under way.
Financial and program questions
were raised and discussed. It was
decided to sell season tickets in

is estimated will be required. The
response in the ticket selling has
been unexpectedly liberal.

LIBRARY NOTES

The library has been fortunate in
receiving a gift of five books by
the late Prof. F. H. King from his
daughter, Mrs. Leadbetter. He form-
erly held the position of Professor of
agricultural physics at the Universi-
ty of Wisconsin and Chief of the
division of Soil management United
States Department of Agriculture,
and his books are on agricultural sub-
jects. His latest book is Farm-
ers of Forty Centuries; or Permanent
agriculture in China, Korea and Ja-
pan. It was published in 1911 since
his death.

Of it the Madison Democrat says:
It is probably within the bounds of
fact to say that no more really in-
teresting publication has come from
the press the past year. Professor
King paid a visit of some months to
China, Korea and Japan for the pur-
pose of studying the agricultural me-
thods of the orient. He was first of
all, a solid, steady, rational charac-
ter. Added to these qualities, he
was the keenest kind of an observ-
er, the deepest sort of an inquisitor.
Few men were so practical in their
knowledge of farming. What he wanted
to know about the far east was
the myriads of inhabitants of
centuries, still to extract sustenance
from the soil. He found out, and
this book tells the instructive story.

Easter in Jerusalem

AFTER the wonderful mid-
night mass on the eve of
Easter, when at 12 o'clock
bells sounded within the
church, and, as each one of
the thousands assembled
lighted his candle, the cry
went up, "Christ is risen!"
came the Easter morning
ceremony in the court of
the holy sepulcher.

Ah, how gentle, how tender,
how touching, how vital
it was, that simple
greeting of the wonderful
morning after the delirium
and the fury of the holy fire! Robert
Hichens says in the Century. All
hearts were excited to frenzy by the
holy fire. The Easter morning pro-
cession moved hundreds to tears,
held them tensely silent. Instead of
the blue dome, spangled with artifi-
cial stars, a faint blue sky was over
our heads. Instead of the glare of
the torches, the sunbeams fell mildly
upon us. Instead of the yelling multi-
tudes, we heard the sound of the won-
derful bells. They began to peal forth
just before the procession entered the
court from the city.

Down below me I saw tears stream-
ing over the seamed faces of many
Russians as they signed themselves,
kissed one another, told one another,
"Christ is risen!" answering to the
triumphant proclamation of the bells,
which, unwearied, reiterated their
marvelous message to the children of
men. And the canvases in blue and
red and gold came slowly into the
court, and a man carrying the cross,
and boys in red and gold with swing-
ing lamps on chains, and many priests
in black. And there followed a priest
with his arms full of flowers, and be-
hind him another bearing on high the
risen Christ crowned with a halo of
gold and framed in a glory of bloss-
oms.

Then there rose from the thousands
of pilgrims a cry of sweet exulta-
tion, and the bells seemed to grow
louder as they told Jerusalem that the
marble house was empty, that the
stone had been rolled away. The
bishops appeared in pale yellow, pearl
color and gold, all holding lighted
candles. And last of all came Dam-
ianos, bearing a staff and a jeweled
picture of the risen Christ. The pro-
cession stopped. The bells were sil-
ent. There was a pause. Then the
patriarch took a step forward, gazed
at the immense crowd of adoring pil-
grims, lifted the jeweled picture of
Christ, held it out toward them and
said, "Christ is risen!"

As his voice died away the priest
with the flowers raised his arms and
showered blossoms over the crowd;
the bells pealed forth again; the pro-
cession moved on and the pilgrims,
eagerly lighting their candles and em-
bracing one another, closed in behind,
crying, "Christ is risen! Christ is
risen!"

And so into the darkness of the
great church, quietly, softly, the pro-
cession gradually vanished. The gloom
was lit up by the candles of priests
and pilgrims. Through the doorway
I saw Damianos in his gorgeous vest-
ments sink humbly down to kiss the
stone of unction. Then the Russians,
weeping with joy, moved forward and
hid him from my sight.

ACTUAL STARVATION

Facts About Indigestion And Its Relief That Should Interest You
Although indigestion and dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food because it does not agree with them.

The best thing to do is fit yourself to digest any good food.

We believe we can relieve dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no burden any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. J. J. Reardon, Rhineland, Wis.

REPAIRING BUILDING

The Hilgerman block which was damaged by fire several weeks ago is in the hands of carpenters and will be placed in condition for occupancy at as early a date as possible. An entire new roof will be put on and also a new front, besides other extensive improvements. The side walls were but little damaged and with the changes mentioned the building will be in as good condition and as substantial in every way as it was before the fire.

WHY HE WAS LATE

"What made you so late?"
"I met Smithson."
"Well, that is no reason why you should be an hour late getting home to supper."
"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."
"Did you tell him to take Chamberlain's Tablets?"
"Sure, that is what he needs." Sold by All Dealers.

TO AILING WOMEN

A Little Sound Advice will Help Many a Sufferer in Rhineland
No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are sick. Kidneys and bladder become inflamed and swollen and worse troubles quickly follow. This is often the true cause of bearing down pains, lameness, backache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has cured thousands of such cases. You will get better as the kidneys get better and health will return when the kidneys are well. Let a Rhineland woman tell you about Doan's Kidney Pills.
Mrs. J. W. House, 728 Dorr Ave., Rhineland, Wis., says: Doan's Kidney Pills have given excellent results in our family and we consider them a good kidney medicine. They were taken by a person who was suffering from backache and weak kidneys and it was not long before a cure was effected.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

STEKETEE'S Neuralgia Drops

THE KING OF ALL PAIN KILLERS
The Best Cure for Neuralgia Known

Letters From Mrs. James Craig of Bay City, Mich.

BAY CITY, MICH., March 4, 1912.
320 Marquette Ave.

Mr. Geo. Steketee:
Dear Sir:—I want to tell you of the great cure of your Neuralgia Drops. I have been sick and under the doctor's care since last July. I took twenty-five treatments, also had surgery from four doctors; all said I must have an operation. I knew if I had the right medicine I would be all right. Some said gall stones or stones in the bladder, but nothing but an operation would cure me. I said NO! I gave up the doctor. I then used everything I could hear was good for neuralgia, but with poor results until a friend said, "Did you ever try STEKETEE'S NEURALGIA DROPS?" I said "No". I then bought a bottle of Steketee's Neuralgia Drops. I used one bottle and have not had one pain since. It was pain in the bladder, sharp, shooting pains night and day, which I shall never forget. Excuse this letter, but I wanted you to know what it has done for me.

MRS. JAMES CRAIG,
Bay City, Mich., March 4, 1912.

Mr. Steketee:—In answer to your letter as to whether you can use my letter of March 4, 1912. Yes, you can use any part of my letter. I will also be glad to answer anyone, and am only too glad to help any one that is suffering, and am only too willing to speak a word of praise for your Neuralgia Drops.

MRS. JAMES CRAIG.

SUFFERED FOURTEEN LONG YEARS.
Mrs. Elizabeth Hingle of Ludington, Mich., writes Geo. O. Steketee, proprietor of Steketee's Neuralgia Drops: "I am thankful that a friend recommended your Neuralgia Cure. For the last fourteen years I have scarcely been without pain. But since I used your Drops have been free from pain. No other medicine relieved me of pain. I cheerfully recommend Steketee's Neuralgia Drops."

Mrs. Elizabeth Hingle.

STEKETEE'S NEURALGIA DROPS

THE WOMAN'S FRIEND—A WONDERFUL MEDICINE.

Many who have used this remedy recommend it for the relief of NEURALGIA, HEADACHE, and BACKACHE.

It is recommended for aching pains on matters where pain may be located, NEURALGIA OF THE WOMEN, MIGRAINES OF THE WOMEN AND INFLAMMATION OF THE WOMEN. (It is used as an anesthetic for the last named ailment.) It is used in the treatment of Fresh Wounds, Cuts or Bruises on man or beast, also for Burns and Old Sores, Barber or other itching on any part of the body. It is used according to instructions. Ask your druggist for STEKETEE'S NEURALGIA DROPS—do not substitute. If druggist does not have it on sale send 25c in postage stamps and I will send it by mail.

Origin of Easter

THE lily is, in the great na-
tions of the world, being
considered as important
nowadays, on account of its
symbolism, as the holly or
the evergreen. Indeed,
there seems to be little dif-
ference between the im-
portance accorded to Christ-
mas and that given to East-
er. Each stands in its sym-
bolism for a deep religious
event, and each in its place
holds a significance not to
be filled by the other.

It is regretted by some people that
an observance such as the Easter
festival had its inauguration in a cere-
mony that was an outgrowth of a
pagan festival. But to the broad-
minded the fact appears as an evi-
dence of the lasting traits of man, re-
curring in different ages, and modified
to suit the conditions of the times.

The twentieth century celebration
is the modern evolution of heathen
ideals influenced by those of the
Christian religion. From time im-
memorial man has celebrated the
birth of spring—the passing of the
gloomy days of winter.

Easter, through the happy initiative
of the Emperor Constantine in the
fourth century, was celebrated not on
the day of the Jewish Passover, but
the Sunday after. The variation of
the date depends upon the fact that
the vernal equinox, of the 21st day of
March, is the point from which the
first Sunday after the full moon is
reckoned.

The first observance of Easter dates
back as far as 68 A. D. From that
time it has meant much to Christians,
and in the joyous rebirth of Christ
there is a general heartfelt resolution
to emerge into the springlike fresh-
ness of newer ideals and better things.

AN EASTER PRAYER.

O Thou Sovereign Lord of
Life and Light, our Risen
Saviour and Helper evermore,
we bless Thee for the perfect
and precious hope imparted to
sinful humanity through Thy
atoning sacrifice and resurrec-
tion. Supreme above all meas-
ure of earthly mind, the love
which brought Thee from the
Throne of God to walk among
men, bearing their burden of
sin along the Sorrowful Way,
and leading them upward to
the glory of everlasting life
and joy in the Father's home.
Grant at this blessed Easter-
tide that all darkened and
troubled hearts may open to
the light of the great Easter
truth and wake to newness of
life in Thee. Perfect in all
Thy children the inspiring
hope of Thy risen life, that
they that are risen indeed with
Thee may seek steadfastly
those things which are above.
Continue in all hearts the
cheer and strength and courage
imparted by the Easter message
and bring all to a saving ac-
ceptance of eternal life through
Christ our Lord.

Mrs. M. H. Thompson was called
home from Three Lakes Saturday
by the illness of her mother.

GEO. H. DAWES' REPLY TO GRIFFITH

Sees Great Handicap To The
Proper Development of
Oneida County

I feel that I am using too much
space in the New North to the exclu-
sion of more readable matter but
the subject under discussion is of
such vast importance to the people
of the northern part of the county
in particular and to the people of
the entire county in general that I
am disposed to submit one more
letter.

The opinions of the forestry men
concerning Oneida county lands is
of no importance, only as they may
have a favorable or an unfavorable
influence upon farm development.

It is of no moment, either, what
part of the county is to be reforested.
The real question of vital im-
portance is: Are the agricultural
lands, that the state may acquire,
going to be disposed of to actual
settlers? From recent developments
the reader will see that I have given
the State Forester more credit for
fairness than has been due him in
this discussion.

In the New North of March 21 he
gives the reader a brief outline of
the state's policy with regard to
agricultural lands within the fore-
st reserve. He says there that the
state does not intend to permanent-
ly hold the agricultural lands but
will sell them to actual settlers when-
ever there is a demand for them.

To make this matter plain to the
public, I wish to say that a few
years ago the state bought, from
one company, in round numbers 6000
acres of land, in 29-7 and afterwards
bought a few more descriptions. We
feared the state was negotiating for
the purchase of about 2000 acres
more, we therefore petitioned the
State Board of Forestry to buy no
more land in this township but to
leave it to private development. Our
petition was turned down and the
State Forester proceeded to secure
an option on this tract of land.

In the mean time I had given the
readers of the Wisconsin Agricultur-
ist a description of Oneida county
and its advantages as an agricul-
tural region. This article, together with
our fine exhibit at the state fair
brought numerous letters from home
seekers in various parts of the state.
The result was that five descriptions
of this land was sold to actual set-
tlers, and some of this land was
bought after the state had secured
an option on it.

I then promptly acquainted Mr.
Griffith with the fact that there
were other parties wanting land ly-
ing between Carr and Horsehead
lakes. I received from him a very
encouraging letter, which lies before
me, that he would do all in his power
to get a settlement going so we
could have neighbors and a good
school. He mentions eight more de-
scriptions which he will receive ap-
plications for, and then proceeds to
tell how these lands can be sold.

Mr. B. L. Reed of Seymour, Wis.,
was one of the buyers of this land
and expected to buy another descrip-
tion of a private party, whose land
is now understood to be under op-
tion to state, but has failed, prob-
ably for this reason.

He applied to Mr. Griffith for an-
other description with the following
result, which I quote from Mr. Reed's
letter of March 23: He says:

"I wrote the State Forester about
that land and he wrote back and
wanted me to lease it on long time
lease. He said they, that is the
state, is thinking of leasing the
agricultural lands up there for farms.
I don't believe the state has the
right to do any such thing, but they
do most anything. I don't want any
land unless I own it. I am going to
see what I can do about it, but I am
afraid I can't get any more land up
there."

"My daughter would buy land there
if she could get it. There are some
others who would like land there but
if the state refuses to sell it, it is
going to stop that country settling
up."

I am satisfied there would be a
big settlement there in a short time
if the land could be bought.

The reader will no doubt pause
here and ponder upon the meaning of
Mr. Griffith's letter in the New North
is he playing a double game? He
promises to sell this land and that
he does not intend to interfere with
the settlement of the country, and
yet when he gets applications for
land he refuses it or wants to lease
it.

Ladies interested in art needlework will be delighted with the showing of the newest designs in imported stamped linens—pillow tops, table runners, squares, centers, towels, pillow cases. All of the popular art embroidery shown—punchwork, rambler rose, cross stitch, couching, cable stitch, Irish crochet, fillet crochet, etc., etc.

Free art needlework demonstrations daily, and hour lessons by appointment. This complete art store will be under the direct supervision of Mrs. A. W. Crusoe, whose talent in art embroidery work is well known and whose success in handling these lines has already been amply demonstrated to the trading public.

NEWSPAPER "INACCURACIES"

People who complain of the inaccuracies of newspapers may be helped a little by the reflection that newspapers are the only business enterprises that attempt to deal exclusively in facts. To obtain these facts their representatives must depend upon human beings, who are not infallible. Newspapers are compelled to accept descriptions and statements of eye witnesses of many occurrences, not many of whom will ever agree as to what actually did happen.

When we consider that truth is more elusive than fortune and that the greatest labors and expenditures of newspapers are always in pursuit of the former it is remarkable not that errors are made, but that there are not more of them. Much money is spent running down falsehoods, and the matter that is excluded every day from a well conducted newspaper is often as great in amount and often in cost than that which is printed.

NO CAUSE TO DOUBT

A Statement of Facts Backed By a Strong Guarantee

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 80 tablets 50 cents. Remember, you can obtain Rexall Remedies in Rhinelander only at our store, The Rexall Store. J. J. Reardon, Rhinelander, Wis.

LIFE NOT WORTH LIVING.

Is the way Miss Alta Abel of West Baden, Ind., summed up her existence after having sought in vain for health. She writes: "I was a complete wreck—always tired, worn out and nervous. I had to spend about one-third of my time in bed."

"Vinol, your delicious cod liver and iron tonic, was recommended, and I can truly say it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person." (We guarantee this testimonial to be genuine.)

What Vinol did for Miss Abel, we know it will do for every nervous, run-down, overworked, tired, thin and discouraged woman in this vicinity.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

ALL NOTICES will be charged at regular rates except notices of church service. Paid entertainments for churches will be charged at half rates.

Principle is above party label. Big business has used party labels too long to deceive the people.

We learn Judge Ames of Minocqua has defeated Jonas R-dcliffe for Municipal Judge of the Second Municipal district by about 150.

Both old parties joined under one head in Milwaukee and defeated the socialists by about 12,000. The socialists polled 4600 more votes than they did two years ago.

Now that Senator LaFollette has won over Taft in the state by nearly three to one, we expect the special interest organ over the way to say democrats and socialists did it. They have socialism on the brain.

A man should at least pay his taxes and have a fair reputation for paying his bills before dictating to other men how they should vote, and when they disagree insult them for having an opinion of their own.

Senator Robert M. LaFollette has won an overwhelming victory in this state over President Taft for the delegates at the national republican convention securing every one. This city has gone over two and one half to one and there are towns in the county giving every vote cast to LaFollette. It is no undecisive victory. Wisconsin has again honored Senator LaFollette to an astonishing degree. Will the national convention heed the warning? Woodrow Wilson has most of the democratic delegates for president. There should be no doubt of the progressiveness of Wisconsin.

Mr. H. C. Braeger, the winning candidate for mayor, was favored by a large majority of the committee of twelve and the committee of was organized for law and order. This, of course, puts Mr. Braeger on a reform platform and, without doubt, when the new mayor takes his oath of office, he will simply say, live up to the law. If such is the case we will have little reason for a committee of twelve, or for hair splitting. If the new mayor takes this stand he will certainly be backed by the masses of the people. The election is over, the voters have spoken and we should frankly concede the rule of the majority and help make Rhineland the cleanest, most prosperous city in northern Wisconsin.

The municipal election is over; H. C. Braeger has won out by a small margin in a three cornered fight. Mr. Braeger was not our choice, and we were open and straight forward in telling the public why. We have no regrets to offer and no apologies to make. It was not our intention to misrepresent a single thing nor did we, but now that Mr. Braeger is chosen we shall hope for a clean independent, impartial and law abiding administration. It shall be our aim to support the new mayor in every particular where it is not against our conscience and best judgment. No one disputes the fact that Mr. Braeger is a good citizen and he assures us since his election that it will be his aim to be impartial and just. More, we believe now that the election is over that we should get together for the best interest of the city and all boost for advancement and good government.

BEELL WINNING IN THE WEST

Fred Beell who is now on a tour of the west, wrestled John Berg at Portland last Saturday night for the championship of the world in the light-heavyweight division. Beell won the match, Berg giving up after one hour and ten minutes and refusing to continue. The match is said to have been one of the roughest ever staged on the coast. Beell has met a number of good men on his trip and is meeting with his usual good success.—Marshfield Times.

The above will be good news to the friends of Beell in this city, of which he has a number, having frequently visited here in the earlier days of the town.

A class of forty children are being prepared and will make their First Communion the Sunday after Easter at St. Mary's Catholic church.

Silence is Golden.

A pert young lawyer once boasted to a member of the bar that he had received two hundred dollars for speaking in a certain lawsuit; the other replied, "I received double that sum for keeping silent in that very case."

Woodrow Wilson wins most of Democratic Delegates of State

Woodrow Wilson asks the Democratic nomination on the strength of promises of what he will do if made president, rather than on his record as an executive, for until he became governor of New Jersey last year he had been known only as an educator. He was highly esteemed as president of Princeton university, and is considered a man of advanced ideas concerning government and legislation, and a deep thinker. He has been expounding his theories in all parts of the country.

However, the difficulty of enforcing an ordinance worded as outlined was apparent to the city attorney, and he will prepare a draft of one along some other line. It has been suggested that the roosters be muzzled, or that some sort of an operation on their throats be performed so that their exultant efforts may end in dismal gurgles. However, what will be done is still uncertain.—Los Angeles Tribune.

Bravery of the Cree Indians.

Many episodes of noble self-sacrifice might be related about the Crees, though they themselves never mention them. The stoical Indian woman does her duty and speaks of her life only when questioned concerning it. Occasionally one is found who will assert her woman's rights. I once saw a stalwart squaw chasing her husband around and around the wigwam, brandishing an ax and threatening to kill him, a feat she was quite capable of putting into execution. Upon another occasion an Indian asked me to "speak good things" to his wife as he was "ill used." Usually, however, the women are patient sufferers, willing slaves and beasts of burden. Widows are eagerly sought in marriage, owing to the fact that they inherit their dead husbands' hunting grounds. Frequently a young man is mated to a woman of twice his age.—Wide World Magazine.

Jewish Population.

In all the world there are 11,483,878 Jews. Of this number 3,876,293 are in Europe and 1,830,579 in America. The Russian empire has 5,215,805, the United States following with 1,500,000. The city of Warsaw leads Russia with 220,000, as compared with New York's 305,000. In Chicago the Jewish population numbers 98,000, while Philadelphia leads Chicago by 2,000. In New York are found one-thirteenth part of the entire Jewish race. Every fourth person in New York is a Jew. It may be said that the Jews in London number only some 150,000.

Experience.

"That singer certainly knows how to manage her range."
"She ought to. She used to be a book."

Why the Play Stopped.

During the performance at the National theater, Marienbad, Bohemia, recently the curtain suddenly went down on the middle of an act. The manager presently explained that the curtain-raiser had received a telegram announcing that he had won \$1,000 in a lottery, and had dropped the curtain in his excitement.

Sign of Sanity There.

If all folks who give evidence of indulging an "exaggerated ego" are to be confined in asylums, the business of constructing such institutions will become most extensive.

ONE MORE WONDERFUL ROAD

Great Highway Through the Dolomites Connects Lake District of Italy and Bavaria.

In May, 1910, the new highway through the Dolomites, running from Botzen to Toblach, was finally thrown open. It is a miracle of able engineering and serves as connecting link between the Lake district of Italy and Bavaria.

Or, if one has large cities for one's objective points, between Milan or Venice and Munich. It is worth trying, says a writer in Harper's Weekly, to convey an impression of the magnificent scenery, the picturesque and wonderful country through which this highroad, as smooth and perfect as Riverside Drive, since the recent repairs, leads one.

Botzen on the south and Toblach on the north are the entrance gates to the great, gaunt Dolomites. It was a burgher of Botzen, one Heinrich Kuntzer, who first obtained permission to hew a road from the Brenner Pass to Botzen. He began the undertaking in the year 1314 A. D. and it is to be hoped that his happy ghost rejoices today in the perfect fulfillment of his idea.

The one disappointment to the motorist on this great road is that the short cut from Botzen to Vigo di Fassa, leading through the lovely Eggen-Thal and past the Karer See, is closed to motors. For those who can foot it it is worth while to bid adieu farewell for a day or so and loiter through the wonderful valley, making the ascent of the lonely Karer, going up between the gloomy chalk cliffs, along steep ridges, looking far away over the valley and the rolling mountains beyond, and so learning really to know and feel these gaunt ghosts of mountains that have earned by their whiteness and ready reflections the title "Mountains of Light."

The Best Gift.

The best gift is the one that shows thought—an appreciation of what will be pleasing and useful to the recipient—that is what counts for value, not the price in money.

Notice of Sale of Mortgage Foreclosure

Miss Anna Unland returned this morning to her home in Birmamwood after a two weeks' visit with friends.

A class of five will be confirmed at the German Lutheran church Easter Sunday. Two of the five are from Mexico.

Miss Hazel Carr who is attending the Superior Normal school, is expected home Friday for the spring vacation of one week.

Miss Isabelle Johnson, formerly a science teacher in the High school, arrived this morning to spend her vacation in this city. Miss Johnson is now teaching in Downer College.

Easter concert exercises will be given by the Methodist Sunday school Sunday evening at 7 o'clock. The public is invited. An offering will be taken for missionary work.

J. W. House, a well known musician of this city, left this morning for Grand Rapids, where he has accepted a position with the orchestra of the Cosmopolitan Theater.

Get your eggs for Easter at S. D. Nelson's. Large supply, strictly fresh at 20 cents per dozen.

Theo. Seamen and F. G. Swain were arrested by Chief of Police Straub Saturday for creating a disturbance in the saloon section of the Third ward. In municipal court they were fined \$5.00 each by Judge Walker. The fines were paid.

Leon and Bertie Allen, who appeared in vaudeville some two months ago at the Opera House, will again be here Saturday night with a first-class Irish Comedy. Prices 10 and 15 cts.

Attorney E. D. Minahan left this morning for Madison, where he will argue the case of Gebhardt vs. P. Underwood vs. the Town of Three Lakes and J. P. Underwood against the Onelida county. The two cases are in this city a year ago and an appeal was taken to the Supreme Court.

Ham and eggs for Easter at S. D. Nelson's. Ham 14 cents per pound, eggs 20 cents per dozen.

Thomas Solberg, formerly a merchant of this city, stopped off for a day with Hans Anderson. Mr. Solberg is now in the fruit raising business and is located near Everett, Wash. He was called to this section of the country by the death of his brother at Elcho.

The ladies of the Catholic church held a tag day for the benefit of the parochial school Tuesday. The affair was a great success and the ladies made \$147.00 for the school. The young ladies who succeeded in selling the most tags were Misses Dorothy Leonard, Eva Hildebrand and Leona Schallesmann.

CO. L EASTER DANCE

Invitations have been issued by Company L for their annual Easter Monday ball at the Armory. As in former years the boys will leave nothing undone that will help make this party one of the most enjoyable events of the year. The Military orchestra will furnish music for the occasion.

STATION NEAR COMPLETION

At Last People of City To Get Comforts Of Modern Station

That the vaguest dreams may come to pass is well illustrated in the fact that the new Soo depot is rapidly nearing completion and the building will be ready for use this spring. For years the people of Rhinelander dreamed of such a possibility and the frequent reports circulated that the "Soo" was about to build a new depot filled the public with new hope only to be blighted again, but this time the report proved true and we are now to have a fine up-to-date building which will do our city credit. The old building which has been the passenger depot for so many years is to be converted into a freight station. Now that one dream of the past has proved a reality, let us work for that much talked of Soo passenger division so that too may become a reality.

OF INTEREST

The exposition of the methods used by many financial kings of America in their nefarious trade of shaping legislation by means of their power over weak and unfaithful public servants to gain their ends is tersely told in Chas. Kiehn's great play "The Lion and the Mouse."

PASSION PLAY SEEN HERE

The great religious drama, the Passion Play, was portrayed in moving pictures at the Bijou last night, the capacity of that theater being taxed to accommodate the people desiring to witness it. Three reels of film were required to present this production, which was acted by the foreign company of the Pathe Motion Picture Company.

The pictures were pronounced the best ever given here of the Passion Play.

EXPENSIVE GOWNS TABOOED

The seniors of the Florence High School have adopted the gray cap and gown for all graduating exercises.

This we believe is a wise move as it will cut down materially on the expenses of the average student who graduates. Instead of having an expensive outfit for each appearance, the cap and gown will be worn at all meetings during commencement week. With this arrangement all will be dressed alike so there should be no contention over who will have the most expensive graduating gown.

Florence is not the only school in the state attempting to eliminate the gross extravagance of graduation from a high school—Florence News.

Leon and Bertie Allen who appeared in vaudeville some two months ago at the Opera House, will again be here Saturday night with a first-class Irish Comedy. Prices 10 and 15 cts.

The Great Bugaboo.
Truth never hurt any man, but thousands and thousands of them are skert silly at the sight of it coming their way. To every mother's son and father's daughter of that kind Truth is the Great Bugaboo.

Character and Circumstances.
"Character is built out of circumstances—From exactly the same materials one man builds palaces, while another builds hovels."—G. H. Lewis.

Work of Humor.
Customer—"I would like a book with some real funny pictures in it."
Clerk—"Well, here's a new fashion magazine. It contains all the latest styles."—Scraps.

The House of No Walls.
Idleness is the gate of all harms. An idle man is like a house that hath no walls; the devils may enter on every side.—Chaucer.

Our Business in This World.
Our business in this world is not to succeed, but to continue to fall in good spirits.—Robert Lewis Stevenson.

Burson Hosiery Sale

We are not disposed to boast, but we are mind full of the fact that our business is in a more healthy condition than in its history and we can only account for its growth in the fact that we are always looking out for snaps really snaps. This time when in the market we had the chance to pick out a case of Burson Ladies' Hose (in the seconds) these are just as good as the first as far as the wearing quality is concerned, but you may find them darned where the machine missed a stitch or the leg may not be shaped as well as in the first grade otherwise they are just as good, all seamless and now you can almost get two pair for one.

RHINELANDER, WIS.

Apt Misquotation.
The minister was attempting to carve a very tough fowl at the dinner. As he was trying to separate one of the joints it slid out of the dish to the other side of the table. He calmly picked it up and gravely said: "What God hath joined together let no man put asunder."—Ladies' Home Journal.

Pride.
"Say, Weary, I see that some fellow in congress is going to ask the government to give work to everybody." "Say, what do you think of that? Well, you can tell the fellow if you see him that I've got a little too much pride to depend for me from 'on the bounty of anybody's government.'"

Explaining a Resentment.
"I am an American citizen," said the man who got into trouble abroad. "Well," replied the Oriental official, "in that case you can consult some of your own statesmen and understand our resentment of pernicious activity in politics."

Perfected Dish Washer.
The invention of a Chicago hotel steward fills a long felt want. It is a machine that will wash and dry 18,000 dishes in an hour. Moreover, it needs the supervision and help of only two persons.

Advantage of Truth.
"When one has no design but to speak the plain truth, he may say a great deal in a very narrow compass."—Steele.

Provoking.
Nothing makes a woman so angry as to see her husband, who diets at home, eating everything that comes along at a banquet.

Not a Lucky Word.
"It is not a lucky word, this same impossible; no good comes to those that have it so often in their mouth."—Carlyle.

Love Must Be Present.
A crowd is not company. Faces are but a gallery of pictures, where there is no love, and talk is but a tinkling sibilant.—Francis Bacon.

Ungallant Man.
It is rather an ungallant man who advocates women's suffrage on the theory that it will not make any real difference.—Washington Star.
